The *Pink Ribbon Cupboard* is a fund set up to assist individuals in financial distress because they are going through breast cancer treatment. It can pay for **non-medical** costs such as utilities, groceries, gas, mortgage or car payments that may be difficult because of treatment side effects. There is no administrative cost to the program thanks to the volunteer board and our partnership with *Essentia Health--St. Joseph's Foundation*.

Pink Ribbon Cupboard has also received funding from the Minnesota Affiliate of Susan G. Komen for the Cure, and other local private donations.
